HUGE NEWS! Grundy Worldwide Now Insures Collector Vehicles 15 Years or Older in the Commonwealth of Massachusetts

Great News, Massachusetts! Grundy Worldwide has changed the age restriction on insuring collector vehicles from 25 years to 15 years and older, in the Commonwealth of Massachusetts. That means all of you with collector vehicles built in 1994 and prior can apply for Grundy's legendary Agreed Value insurance. So, bring on your GNs, Sy/Tys, 3rd Generation Camaros, C4 Corvettes and the rest... We're ready!

Grundy strives to provide the best insurance for car collectors across the country. And, while previously proprietary insurance laws of the Commonwealth of Massachusetts stood in the way of car collectors acquiring Grundy's one-of-a-kind Agreed Value coverage, Grundy Worldwide and the Mass Association of Auto Clubs funded a lobby to allow Massachusetts residents to have the opportunity to attain collector vehicle insurance.

In 1996, collector car insurance was permitted in Massachusetts. And, with its unsurpassed claims rating and an underwriting team full of "car guys" who understand their fellow "car guys," Grundy rapidly became the largest insurer of collector cars in New England.

Today, Grundy remains the largest Agreed Value insurer of thousands of collector vehicles in the Commonwealth. Our coverage includes High Liability Limits and No Mileage Limitations-- all at rates less than half of what standard auto insurance companies charge. Grundy proudly serves as the Official Insurance Sponsor of Cruisin' New England and attends various events through the New England region, each year.

Located in Pennsylvania, Grundy Worldwide was established in 1947 and is licensed in all 50 states. The Grundy program has insured more than 1,500,000 collector vehicles through leading A++ and A+ rated carriers. Grundy Worldwide is the fastest growing insurer of collector cars, and many collectors and their agents consider Grundy Worldwide to be the pre-eminent agency for serving the serious collector. With over 60 years of experience of insuring collector cars, Grundy Worldwide understands our customers love for their vehicles and provides coverage tailored to the collector's needs.
